

SRINIVAS R C

AI/ML Engineer

Bengaluru, Karnataka | +91 72049 54568 | srinivasrc0408@gmail.com | [linkedin.com/in/srinivas-r-c](https://www.linkedin.com/in/srinivas-r-c) | github.com/srinivas-rc0408

PROFESSIONAL SUMMARY

AI & ML undergraduate, graduating 2027. Builds and ships LLM-powered web apps across the stack: Gemini prompt pipelines, 3D visualisation, and React/Next.js frontends. Certified in Deep Learning (IIT Ropar / NPTEL) and Software Engineering (Microsoft). Targeting an AI/ML engineering internship.

TECHNICAL SKILLS

Languages: Python, TypeScript, JavaScript, Java, C, C++, SQL

AI/ML & LLMs: Machine Learning, Deep Learning, NLP, LLM Integration (Google Gemini, Hugging Face), Prompt Engineering, Agentic AI, Feature Engineering, MLOps

Frameworks & Libraries: React, Next.js, Vite, Tailwind CSS, Three.js, Scikit-learn, Pandas, NumPy, TensorFlow, OpenCV, MLflow, Streamlit

Cloud, Data & APIs: Firebase (Firestore, Google OAuth), Supabase, Prisma, Inngest, Google Places API, REST APIs

OS & Tools: Linux (Arch Linux, Ubuntu), Windows, Git, GitHub, VS Code, Jupyter Notebook, Google Colab

Core CS: Data Structures, DBMS, OOP, Computer Networks, UI/UX Design

PROJECT EXPERIENCE

ArchAgent — AI Architectural Design Platform

Apr – Jun 2026

React · TypeScript · Google Gemini · Hugging Face FLUX · Three.js · Supabase | github.com/srinivas-rc0408/ArchAgent---Agentic-AI

- Built an AI platform that turns text design briefs into 3D renders, panoramic views, and itemised cost estimates through a 4-stage Google Gemini prompt-chaining pipeline.
- Combined 2 AI models (Google Gemini for design reasoning, Hugging Face FLUX for images) with an interactive Three.js 3D viewer, plus Supabase login and project storage.
- Fixed inaccurate cost estimates (LLM hallucinations) using few-shot prompting with real INR price examples, and added 1-click PDF report export with jsPDF.

AI Travel Planner

Jun 2026

React · Vite · Firebase · Google Gemini · Google Places API · React Leaflet | github.com/srinivas-rc0408/AI-travel-planner-final

- Built an AI travel app that creates personalised, day-by-day itineraries from 3 inputs (destination, budget, preferences) using structured JSON prompts with Google Gemini.
- Integrated 4 Google services (Gemini, OAuth, Places API, Firebase Firestore) for secure sign-in, live location data, and saved trips across sessions.
- Displayed every recommended stop on interactive React Leaflet maps with live destination images.

AI Finance Assistant

2026

Next.js · React · Prisma · Inngest · Tailwind CSS | github.com/srinivas-rc0408/AI-Finance-Assistant

- Built a personal-finance assistant on Next.js with 3 modules (dashboard, portfolio, transactions) that answers finance questions using prompt-engineered LLM responses.
- Designed a relational Prisma database with 5+ models (accounts, transactions, stocks, portfolios), served through dedicated REST API endpoints.
- Used Inngest serverless functions to run background jobs asynchronously, keeping the dashboard responsive under load.

CERTIFICATIONS

Deep Learning — 12-Week Academic Programme (Proctored) | IIT Ropar / NPTEL | 2026

Software Engineering Fundamentals | Microsoft | 2025

LLM-Driven AI Engineering Bootcamp | REVA University | 2025

Prompt Engineering Certification | Infosys Springboard | 2025

Machine Learning Certification | Rinex Organization, NSDC / Skill India | Grade: A+ | 2024

EDUCATION

B.Tech — Artificial Intelligence & Machine Learning | REVA University, Bengaluru | Expected 2027

PUC (PCMB) | MES College of Arts, Science & Commerce, Bengaluru | 82.5% | 2023

ICSE — Class X | Mount Senoria School, Bengaluru | 88.8% | 2021

LEADERSHIP & EXTRA-CURRICULAR ACTIVITIES

Core Member & Head of Media — Yantra IoT Club, REVA University

2025

- Led media and outreach for the club, running promotional campaigns for 2 robotics events (ROBONEMESIS microcontroller training and a Follow Bot Competition) that drew 17K+ combined views.
- Coordinated technical workshops and career panels with professionals from Amazon and Google, reaching 100+ students across university events.
